

Image prompts availability

Prompt set — 12 prompts (10+ as requested)

Styles included: sticker/icon set, children's-book illustration, photoreal toy render. Each prompt is ready-to-copy for a text-to-image generator; adjust model-specific tags as needed.

1. Sticker/icon — "Bright school supplies sticker set: backpack, stacked books, calculator, globe, notepad with pencil, smiling girl and boy faces, pencil holder with pens, chalkboard, glasses, apple, ruler, basketball; bold outlines, soft shadows, high-saturation pastel palette, clean vector look, transparent background, centered composition."
2. Sticker — "Cute clay-style school icons: orange backpack, three colorful books, blue calculator, green globe on stand, notepad with yellow pencil, two happy children (boy and girl), yellow pencil cup, small chalkboard, round glasses, shiny red apple, wooden ruler and basketball; soft studio lighting, tactile clay texture, shallow depth of field."
3. Children's book — "Warm children's-book illustration of a classroom collection: gentle smiling kids, globe, chalkboard, stack of books and pencil, backpack and apple on desk; soft watercolor textures, warm golden light, rounded friendly shapes, expressive faces, spacious composition, cozy nostalgic mood."
4. Vector icon set — "Minimal flat icons of school items in isometric layout: backpack, books, calculator, globe, notebook with pencil, two kid avatars, pencil holder, chalkboard, glasses, apple, ruler, basketball; 4-color palette, long shadows, grid-aligned, scalable SVG style, perfect for UI."
5. Kawaii characters — "Kawaii school characters and items with exaggerated eyes: smiling girl and boy heads, cute apple, tiny globe, happy pencil, chunky backpack and books; pastel palette, glossy highlights, soft gradients, ultra-cute proportions, studio lighting."
6. Photoreal toy render — "High-detail photorealistic toys arranged on slate surface: rubber backpack toy, painted wooden books, plastic calculator, miniature globe, textured notepad with pencil, vinyl child figurines, felt pencil holder, chalkboard, eyeglasses prop, apple toy, wooden ruler and basketball; warm rim light, realistic shadows, 35mm lens, f/2.8."
7. 3D claymation scene — "Stop-motion claymation classroom scene: hand-shaped clay figures of two children, handmade clay backpack, stacked clay books, clay globe and apple, textured clay pencil and ruler; visible fingerprints, soft point lighting, slightly rustic backdrop, film grain."

8. Retro poster — "Retro school poster featuring illustrated icons from the image: bold mid-century shapes of backpack, books, globe, calculator, chalkboard and smiling children; muted vintage color palette (teal, mustard, coral), halftone texture, strong typography space left for headline."
9. Toy product photo — "E-commerce style product photo of a school-themed toy bundle: three-dimensional figurines (kids), backpack toy, book stack, pencil cup and accessories on white seamless background; crisp lighting, soft shadows, 1:1 crop, high detail for packaging mockup."
10. Children's educational app art — "Bright app splash art: friendly kid avatars front-and-center surrounded by floating school icons (globe, books, pencil, calculator, apple); bold saturated colors, smooth gradients, layered parallax-ready elements, optimized for 1080x1920 vertical."
11. Sticker sheet mockup — "Paper sticker sheet layout: 12 die-cut stickers featuring each item from the image arranged in rows, white border, slight drop shadow, matte finish mockup on textured background, top-down view."
12. Character study — "Portrait studies of the two children from the image: front and three-quarter views, expressive facial details, soft cel-shaded rendering, warm color key, simple school-uniform hints, isolated on neutral backdrop."

Here are 12 ready-to-copy prompts (10+ as requested) you can use to generate images similar to the uploaded village scene. They vary in style, mood, and purpose; paste directly into your chosen text-to-image model and adjust aspect ratio or model-specific tags as needed.

1. "Idyllic rustic village at sunrise: thatched cottages, large central tree with rope swing, dirt paths converging, market stalls with baskets and pottery, chickens and rooster wandering, warm golden light, soft volumetric rays, painterly storybook style, rich color, high detail."
2. "Wide-angle cinematic village square in late afternoon: clay ovens, stacked pots, woven baskets, villagers in simple garments, laundry on a line, distant mountains, warm rim lighting, shallow atmospheric haze, cinematic color grading, realistic semi-photoreal render."
3. "Children's book illustration of a peaceful countryside market: cozy straw-roof houses, open wooden stalls, playful farm animals, friendly villagers, exaggerated rounded shapes, soft watercolor textures, warm pastel palette, high charm and whimsy."

4. "High-detail concept art for a fantasy RPG hub: central village crossroads, handcrafted stalls, clay oven and pottery display, wooden fences, props for quests (map pinned to post, crates), dynamic lighting with sunbeams through trees, moody but inviting, 3:2 composition."
5. "Top-down isometric game asset pack: village center tiles—thatched houses, market stall, tree with swing, pottery stand, crates and baskets, chickens; clean readable silhouettes, consistent scale, flat lighting, hand-painted texture style."
6. "Photoreal miniature diorama photograph: handcrafted model village with straw roofs and tiny baskets, visible wood grain and clay texture, soft studio lighting, slight film grain, 50mm macro lens look, shallow depth of field."
7. "Golden-hour matte painting of a pastoral village: glowing thatch, long shadows, smoke rising from ovens, tactile dirt roads, mountainous backdrop with soft atmospheric perspective, painterly brushwork, dramatic warm highlights."
8. "Warm cozy mood illustration for a farming-sim loading screen: welcoming village entrance, friendly animals pecking, produce in baskets, detailed props (ruler, herbs, sacks), saturated warm tones, inviting composition focused on village life."
9. "Stylized 3D render with hand-painted textures: low-poly thatch houses, stylized foliage and props, colorful market goods in baskets, soft ambient occlusion, studio rim light, appealing silhouette language for animated cutscenes."
10. "Noon-time documentary photo style: villagers carrying goods, communal oven in use, laundry and daily life details, natural diffuse sunlight, candid composition, muted earthy color grade, subtle motion blur on people."
11. "Moody dawn scene with mist: village paths wet with morning dew, faint smoke, silhouetted chicken and rooster, cool bluish shadows contrasted with warm lantern glow, fine painterly details, quiet serene atmosphere."
12. "Fantasy folk-art poster: central tree surrounded by cottages and market stalls, stylized patterns on baskets and fabrics, decorative border, bright saturated palette, flat illustrative shapes, hand-crafted print texture."
